

FROM THE HORSE AND GROOM A

Proposal

We would like to put forward the proposal that, when organising the calendar for the new season: -

If the number of teams does not exceed 28 then the league be made up of 2 divisions and not the current format of 3.

We also suggest that the organising and process of the cup and plate matches reverts back to the original method.

Our proposal is based on the fact that, as a result of teams leaving the league during this playing season, we finished with less teams in divisions 2 and 3. This in turn dramatically shortened the season for those clubs, leaving on occasion multiple weeks mid season with no games at all for some teams.
